FOREWORD

The **Yukon Statistical Review** is an annual report published by the Yukon Bureau of Statistics (YBS) as a companion to the **Monthly Statistical Review**. Data presented in the review originate from YBS surveys and Statistics Canada as well as from government, industry and private sources.

Data for a particular year is usually published in the following year. However, some data are published with a lag of more than a year. The contents of this publication are based on the most current data available at the time of publication.

The Yukon Bureau of Statistics acknowledges the support of Statistics Canada, other federal departments, Yukon government departments and survey respondents in our efforts to produce and publish reliable and timely statistical information.

* Figures are percentage point differences between the stated periods.

¹ Includes City of Whitehorse and surrounding area as well as the community of Marsh Lake.

² Figures for 2013 and 2014 may have been revised.

³ Figures for 2015 are preliminary.

Population

Population (June 30th)
2006 to 2015

Community Populations (June 30th)
2006 to 2015

Vital Statistics
2006 to 2015

The average number of births per year in Yukon from 2006 to 2015 was 388; the average number of deaths was 191.

Migration
2005/2006 to 2014/2015

HIGHLIGHTS

On June 30, 2015, 37,343 people were living in Yukon. Between June 30, 2006 and June 30, 2015, Yukon's population increased by 5,735, or 18.1%. This represents a compound annual growth rate of 1.9% over the last nine years.

Between June 30, 2014 and June 30, 2015, the highest percentage growth in population was in Destruction Bay (19.0%), while the largest percentage decline was in Pelly (-4.8%). The population of Whitehorse Area, including Marsh Lake, increased by 0.6% over the same period.

Community Population Change (June 30th)
2014 to 2015

See pages 13-14 for detailed data.

In 2015, there were 423 births in Yukon compared to 386 in 2014. The highest number of births recorded in Yukon in the last ten years was in 2012, when 427 babies were born in the territory.

In 2015, there were 205 deaths in the territory, an increase of 3 from the previous year. The number of deaths in Yukon in the past 10 years has fluctuated from a low of 174 in 2006 and 2007 to a high of 205 in 2015.

See page 15 for detailed data.

Net migration from interprovincial and international movements to and from Yukon has varied from a net gain of 9 people in 2012/2013 to a net gain of 734 in 2009/2010. The net gain in 2014/2015 was 227 people compared to a net gain of 343 people in 2013/2014.

See page 18 for detailed data.

HIGHLIGHTS

- In 2015, Yukon's annual average labour force was 20,700; the figure remained unchanged compared to 2014. The number of employed decreased by 400, from 19,800 in 2014 to 19,400 in 2015. This resulted in a 2.0 percentage point increase in the annual average unemployment rate from 4.3% in 2014 to 6.3% in 2015.

See page 21 for detailed data.

- In 2015, a total of 7,900, or 40.7%, of working Yukoners were public employees who were employed by one of the four levels of government in the territory. Of the 11,500 workers in the private sector, 2,800 or 24.3% were self-employed.

See pages 23-24 for detailed data.

- Average weekly earnings (including overtime) in Yukon in 2015 were \$1,050.83, an increase of \$8.88, or 0.9%, over the 2014 average of \$1,041.92. In 2015, the average weekly earnings of Yukoners were \$98.72, or 10.4%, higher than the national average (\$952.11).

See page 26 for detailed data.

- In 2015, the average number of total employment insurance income beneficiaries in Yukon was 1,131. This represents a decrease of 117, or 9.4%, compared to the 2014 average of 1,248.

See page 27 for detailed data.

Employment

Labour Force, Employed and Unemployed, 2011 to 2015

Unemployment Rate 2011 to 2015

Percentage of Total Employment by Class of Worker 2006 to 2015

Average Weekly Earnings (including overtime) 2006 to 2015

Employment Insurance Beneficiaries 2006 to 2015

*Special benefits include sickness, maternity, parental, and compassionate care.

Consumer Prices

HIGHLIGHTS

In 2015, the Consumer Price Index (CPI) for Whitehorse (data are not available for Yukon) decreased 0.2%; 1.5 percentage points lower than in 2014 (1.3%). Nationally, the 2015 annual change in CPI was 1.1%; 0.9 percentage points lower than in 2014.

Between 2006 and 2015, the annual change in CPI for Whitehorse fluctuated from a low of -0.2% in 2015 to a high of 3.6% in 2008. Overall, CPI for Whitehorse increased 16.2% from 2006 to 2015; nationally, CPI increased 16.0% over the same time period.

See pages 32-33 for detailed data.

In October 2015, the community spatial price indices (base: Whitehorse = 100) for Yukon communities ranged from a low of 110.1 in Carmacks to a high of 183.4 in Old Crow. This means, the same basket of items used in estimating price indices, would cost 83.4% more in Old Crow and 10.1% more in Carmacks than in Whitehorse.

Spatial price indices for Dawson City and Watson Lake were 116.3 and 110.2, respectively.

See page 33 for detailed data.

In 2015, the average price of regular self-serve gasoline in Whitehorse was 112.1 cents/litre. This represents a decrease of 21.4 cents/litre, or 16.0%, compared to the average price in 2014 (133.5 cents/litre).

Comparing 2015 to 2006, the average cost of regular self-serve gasoline in Whitehorse increased by 4.0 cents/litre, or 3.7%. Over the same period, the average cost of self-serve diesel in Whitehorse increased by 16.7 cents/litre, or 15.7%, from 106.4 cents/litre in 2006 to 123.0 cents/litre in 2015.

See page 35 for detailed data.

HIGHLIGHTS

- In 2015, the value of building permits was \$117.7 million. Comparing 2015 to 2014, construction activity decreased by \$12.7 million, or 9.7%. Between 2006 and 2015, the construction value of building permits issued in Yukon varied from a low of \$71.3 million in 2008 to the record high of \$176.8 million in 2011.

Percent Change in Value of Building Permits Issued 2006 to 2015

See page 36 for detailed data.

- Between 2006 and 2015, the number of building permits issued in Yukon varied from a low of 1,549 in 2015 to the record high of 2,027 in 2011.

In Whitehorse, there were 36, or 3.3%, more permits issued in 2015 than in 2014. Of the 1,136 permits issued in Whitehorse in 2015, 83.0% were residential.

Percent Change in Number of Building Permits Issued 2006 to 2015

See page 36 for detailed data.

- In 2015, the total construction value of building permits in Dawson City was \$2.7 million. In Haines Junction, it was \$3.8 million, in Watson Lake, \$5.7 million and in Carmacks, it was \$2.9 million.

After record-high construction values of building permits issued in Dawson City (\$20.8 million) and Watson Lake (\$18.1 million) in 2011, the values of building permits in 2012 and 2013 declined to pre-2010 levels. The values rebounded in 2014 and then declined for Dawson City in 2015.

See page 37 for detailed data.

Construction

Value of Building Permits Issued 2006 to 2015

Number of Building Permits Issued 2006 to 2015

Value of Building Permits Issued 2006 to 2015

Real Estate

Number and Value of Real Estate Transactions in Whitehorse 2006 to 2015

Number and Average Value of Single House Sales in Whitehorse 2006 to 2015

HIGHLIGHTS

In 2015, the total value of real estate sales in Yukon was \$255.8 million, an increase of \$25.8 million, or 11.2%, compared to \$230.0 million in 2014.

Real estate sales in Whitehorse increased by \$16.3 million, or 8.3%, from \$197.0 million in 2014 to \$213.3 million in 2015.

Real estate sales outside of Whitehorse increased by 28.8% from \$33.0 million in 2014 to \$42.5 million in 2015.

See page 38 for detailed data.

In 2015, there was a total of 601 real estate transactions in Whitehorse, an increase of 109 transactions, or 22.2%, compared to 2014 (492).

Comparing 2015 to 2006, the total number of real estate transactions in Whitehorse decreased by 21 transactions, or 3.4%.

See pages 39-40 for detailed data.

In 2015, a total of 252 houses were sold in Whitehorse, a decrease of 96 houses, or 27.6%, compared to 2006, when 348 houses were sold. The total number of single houses sold in Whitehorse declined steadily over the last 10 years with the exception of 2010.

In 2015, the average value of single houses sold in Whitehorse was \$418,500, an increase of \$5,500, or 1.3%, compared to \$413,000 in 2014. The average single house price in Whitehorse decreased by \$16,200, or 3.7%, in 2015, compared to the 2011 record high of \$434,700. The average value of single houses increased almost steadily up to 2011 followed by small declines in 2012 and 2013, and then slight increases in 2014 and 2015.

See pages 40-41 for detailed data.

HIGHLIGHTS

Residential Rent

- Compared to 2014, the median rent in 2015 increased in all Whitehorse subdivisions with the exception of Riverdale, which remained the same. The highest dollar increase was in Porter Creek (\$25, or 2.6%), while the lowest increase was in Downtown (\$8, or 0.9%), over the period.

Between 2006 and 2015, the median rent in Whitehorse increased steadily year-over-year. In the past ten years, the median rent for units in buildings with 3 or more rental units increased from \$675 in 2006 to \$908 in 2015, an increase of \$233, or 34.5%.

See page 43 for detailed data.

- In 2015, among Whitehorse subdivisions, the vacancy rate was the highest in Upper Whitehorse (3.8%), followed by Riverdale (3.0%) and Downtown Whitehorse (2.4%), while Porter Creek had the lowest vacancy rate (1.0%). In 2014, however, Downtown Whitehorse had the highest vacancy rate (6.0%), followed by Upper Whitehorse (4.0%) and Porter Creek (2.8%), while Riverdale had the lowest vacancy rate (2.1%).

Between 2006 and 2015, the vacancy rate for buildings with 3 or more rental units in Whitehorse fluctuated from a high of 4.1% in 2014 to a low of 1.1% in 2010 and 2011. The 2015 rate of 2.8% represents a decrease of 1.3 percentage points from one year earlier, when it was 4.1%.

See page 44 for detailed data.

HIGHLIGHTS

- In 2015, the average price of a troy ounce of gold was \$1,483.23, an increase of \$91.82, or 6.6%, compared to the 2014 price of \$1,391.41.

Comparing 2015 to 2006, the annual average price of a troy ounce of gold increased by \$791.89, or 114.5%.

The total production value of gold in Yukon in 2015 was \$108.3 million, an increase of 168.1% over 2006.

Value of Gold/ troy oz. (\$CAN)

2015	1,483.23	2010	1,273.70
2014	1,391.41	2009	1,112.63
2013	1,445.44	2008	938.84
2012	1,678.05	2007	748.39
2011	1,546.61	2006	691.34

See pages 46 for detailed data.

- The 2015 preliminary total value of mineral exploration and deposit appraisal expenditures was \$73.3 million, a decrease of \$33.8 million, or 31.6%, compared to 2014 (\$107.1 million).

**Percentage Increase/decrease in
Mineral Exploration and Deposit
Appraisal Expenditures**

2015	-31.6%
2014	6.5%
2013	-56.9%
2012	-29.7%
2011	111.4%

See page 47 for detailed data.

- In 2015, the total volume of roundwood harvested in Yukon decreased by 6,000 m³, or 26.1%, compared to 2014 (23,000 m³).

From 2006 to 2015, the volume of harvested roundwood varied from a low of 17,000 m³ in 2015 to a high of 37,250 m³ in 2013.

See page 51 for detailed data.

HIGHLIGHTS

- The 2015 annual value of retail trade in Yukon was \$692.2 million. Retail trade increased by \$31.3 million, or 4.7%, in 2015 compared to 2014. Compared to 2006 (\$452.6 million), retail trade increased by \$239.7 million, or 53.0%.

The annual value of wholesale trade in Yukon for 2015 was \$124.9 million, an increase of \$1.0 million or 0.8%, from 2014 (\$123.8 million). Compared to 2006 (\$118.8 million), wholesale trade increased by \$6.1 million, or 5.2%.

See pages 53-54 for detailed data.

- The volume of liquor sold in Yukon in 2015 (4.9 million litres) decreased by 5,700 litres, or 0.1%, compared to 2014.

Between 2006 and 2015, the value of liquor sales in Yukon increased each year. In 2015, sales increased by \$1.2 million, or 3.6%, from \$34.5 million in 2014 to \$35.8 million in 2015.

See pages 54-55 for detailed data.

- Preliminary GDP by industry for Yukon in 2015 was \$2.2 billion, a decrease of \$87.0 million, or 3.8%, compared to 2014 (\$2.3 billion). Goods-producing industries' GDP decreased by \$133.4 million, or 20.5%, and service-producing industries' GDP increased by \$24.3 million, or 1.5%, over the same period.

See page 57 for detailed data.

Transportation

Travellers Entering Yukon by Land through Canada Customs
January to December 2015

Travellers Entering Yukon by Land through Canada Customs by Residence
July 2015

The number of travellers peaked in July at 93,941.

Vehicle Registrations, by Type
2015

Note:

Vehicles that weigh less than 4,500 kg include passenger vehicles, light trucks and SUVs; vehicles between 4,500 and 14,999 kg include larger utility vehicles, but not those typically used on a farm; vehicles over 15,000 kg include semi-trailers and cement trucks; buses include 15 or more passenger capacity; snowmachines and ATVs are included in the "off-road, construction, farm vehicles" category.

HIGHLIGHTS

In 2015, 399,340 travellers entered Yukon by land through Canada Border Services ports of entry. This represents an increase of 2,963 people, or 0.7%, compared to 2006 (396,377) and a decrease of 8,764 travellers, or 2.1%, compared to 2014.

In 2014, the number of travellers peaked in July at 93,941, a decrease of 398 travellers, or 0.4%, from July 2014 (94,339).

Total Travellers Entering Yukon by Land through Canada Customs

2015	399,340	2010	398,799
2014	408,104	2009	360,615
2013	432,171	2008	389,442
2012	406,133	2007	415,188
2011	398,227	2006	396,377

Percent Change in Number of Total Travellers
2006 to 2015

See page 59 for detailed data.

The number of vehicle registrations in Yukon increased steadily over the past ten years. In 2015, a total of 54,632 vehicles were registered. This shows increases of 1,627, or 3.1%, compared to 2014 (53,095) and 15,358, or 39.1%, compared to 2006 (39,274).

Percent Change in Number of Total Registrations
2006 to 2015

See page 59 for detailed data.

Statistical Tables

TABLE GUIDE

Statistics presented in tables on the following pages of this Annual Review provide a monthly, and annual summary of information. The latest twelve months are highlighted.

Annual figures follow the monthly data beginning with the most recent year and dating back ten years. Depending on the statistics presented, annual data may be either the average or the sum of monthly data. Previous years of data are presented, with the latest year highlighted.

Below the annual data, the data source and, as appropriate, notes regarding the table are provided.

¹ Quarterly population estimates for this table: QI = January 1; QII = April 1; QIII = July 1; and QIV = October 1. Annual population figures are for July 1.

² Annual Total Growth includes residual deviation from 2005/2006 to 2010/2011.

Note: Annual figures, with the exception of population, represent the period of July 1 to June 30; i.e., 2014/2015 figures cover the period from July 1, 2014 to June 30, 2015.

Population estimates are final intercensal from July 2005 to April 1, 2011, final postcensal for July 1, 2011, updated postcensal from October 1, 2011 to April 1, 2015 and preliminary postcensal from July 1, 2015.

¹ Interprovincial migration represents movements from one province or territory to another, involving a change in usual place of residence. A person who takes up residence in another province or territory is an out-migrant with reference to the province or territory of origin, and an in-migrant with reference to the province or territory of destination.

² Age at July 1.

³ The number of immigrants is final up to 2013/2014 and preliminary for 2014/2015.

⁴ The number of emigrants is final up to 2010/2011, updated from 2011/2012 to 2013/2014 and preliminary for 2014/2015.

⁵ The number of returning emigrants is final up to 2010/2011, updated from 2011/2012 to 2013/2014 and preliminary for 2014/2015.

⁶ The number of net temporary emigrants is final up to 2010/2011, updated from 2011/2012 to 2013/2014 and preliminary for 2014/2015.

⁷ A non-permanent resident is a person who is lawfully in Canada on a temporary basis under the authority of a valid document (work permit, study permit, Minister's permit or refugee) issued for that person along with members of his family living with them. This group also includes individuals who seek refugee status upon or after their arrival in Canada and remain in the country pending the outcome of processes relative to their claim. The net non-permanent residents is final up to 2010/2011, updated from 2011/2012 to 2013/2014 and preliminary for 2014/2015.

⁸ Age -1 represents persons born after July 1 and not included in age group 0 to 4 years.

Note: Annual figures represent the period of July 1 to June 30; i.e., 2014/2015 figures cover the period from July 1, 2014 to June 30, 2015.

Chronic obstructive pulmonary disease ¹ (COPD) (35 years and over)	641 ^E	3.3 ^E	586 ^E	2.9 ^E	1,142 ^E	5.6 ^E	4.0

¹ As diagnosed by a health professional.

² The condition or problem has lasted, or is expected to last 6 months or longer.

³ Non-smoking population exposed everyday or almost everyday.

⁴ A definition change was implemented in 2013 to conform with the World Health Organization (WHO) and Health Canada guidelines for Heavy drinking. Heavy drinking refers to males who reported having 5 or more drinks, or women who reported having 4 or more drinks, on one occasion, at least once a month in the past year. While this indicator remains comparable for males to the 5 or more drinks indicator published in previous years, it is no longer comparable for females.

⁵ Based on physical activity over the past 3 months.

⁶ Based on information provided by females aged 15 to 55 who had a baby in the last 5 years.

⁷ Initiated breastfeeding refers to mothers who breastfed or tried to breastfeed their last child even if only for a short time.

⁸ Exclusive breastfeeding refers to an infant receiving only breast milk, without any additional liquid (even water) or solid food.

⁹ Based on 8 dimensions of functioning (vision, hearing, speech, mobility, dexterity, feelings, cognition and pain). Otherwise known as the Health Utility Index (HUI).

^E Use with caution.

Notes: Monthly figures are based on three-month moving averages. Estimates for Canada include all provinces but exclude estimates from Yukon, Northwest Territories and Nunavut, which use an alternative methodology. Nunavut estimates prior to 2008 should not be compared with more recent data due to change in coverage.

¹ *All Types of Benefits* includes other types of income or special benefits (e.g. work-sharing, fishing, and/or compassionate care benefits). The total number of beneficiaries represents the number of persons receiving income benefits for a specific week each month regardless of when they received payment.

² *Regular* benefits include people receiving regular income benefits whether or not they participate in one of three employment benefit programs, namely Skills Development Program, Job Creation Partnerships Program and Self-employment Program.

6.5 LIVING COST PRICE INDEX DIFFERENTIAL RANGE, based on Isolated Post Allowance, (October 1, 2015)

(Vancouver = 100) ¹		
	range	
Beaver Creek	130	134
Carcross	115	119
Carmacks	115	119
Dawson City	125	129
Destruction Bay	115	119
Faro	120	124
Haines Junction	115	119
Little Gold	125	129
Mayo	135	139
Old Crow	170	174
Pelly Crossing	125	129
Ross River	120	124
Teslin	120	124
Watson Lake	125	129
Whitehorse	below qualifying	

¹ For example, if an item costs \$10.00 in Vancouver, the same item would cost between \$13.00 and \$13.40 in Beaver Creek.

Note: A Living Cost Differential (LCD) may be authorized at certain isolated posts where abnormally high prices prevail for food (purchased from stores and restaurants), household supplies and operations, household/tenant insurance premiums, transportation expenses, personal care supplies and services, pharmaceutical products (excluding prescribed drugs), entertainment supplies, rental of cablevision/satellite services, reading materials, tobacco and alcoholic beverages.

¹ In March 2012, the Yukon Rent Survey was expanded to include any building with three or more rental units. Prior to 2012, buildings with less than four units were excluded from the survey. Therefore, figures prior to 2012 are not strictly comparable to subsequent figures. Buildings with less than three rental units (i.e. houses, suites and duplexes) are not included in this table.

² Includes Granger, Arkell, Copper Ridge, Ingram, Logan, Hillcrest, Takhini, Valleyview and Lobird/South Access. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions. Due to non-response of a landlord in Hillcrest from September 2007 to September 2011, the figures for Upper Whitehorse units are not a complete representation of Upper Whitehorse units within that time frame.

³ Caution should be used when analysing data from Dawson City due to the small number of buildings in the community. June 2006 was the first month that Dawson City was included in the Yukon Rent Survey.

⁴ Beginning in 2014, the Yukon Rent Survey is being conducted on a semi-annual basis (April and October).

¹ In March 2012, the Yukon Rent Survey was expanded to include any building with three or more rental units. Prior to 2012, buildings with less than four units were excluded from the survey. Therefore, figures prior to 2012 are not strictly comparable to subsequent figures. Buildings with less than three rental units (i.e. houses, suites and duplexes) are not included in this table.

² Includes Granger, Arkell, Copper Ridge, Ingram, Logan, Hillcrest, Takhini, Valleyview and Lobird/South Access. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions. Due to non-response of a landlord in Hillcrest from September 2007 to September 2011, the figures for Upper Whitehorse units are not a complete representation of Upper Whitehorse units within that time frame.

³ Caution should be used when analysing data from Dawson City due to the small number of buildings in the community. June 2006 was the first month that Dawson City was included in the Yukon Rent Survey.

⁴ Beginning in 2014, the Yukon Rent Survey is being conducted on a semi-annual basis (April and October).

¹ The Yukon Rent Survey includes buildings with three or more rental units. Buildings with less than three rental units (i.e. houses, suites and duplexes) are not included in this table.

² Includes Granger, Arkell, Copper Ridge, Ingram, Logan, Hillcrest, Takhini, Valleyview and Lobird/South Access. This aggregation has been made due to small numbers of surveyed buildings in these subdivisions.

³ *Small Building* indicates three rental units in one building.

⁴ *Low-rise* units are in buildings with five or more units.

⁵ *Store-top* units are residential units in buildings which primarily contain commercial space.

[†] Use caution when analysing data due to high variance or a small number of rental units within the category.

¹ The exploration work phase is defined as the search for, discovery, and first delimitation of a previously unknown mineral deposit or the re-evaluation of a sub-marginal or neglected mineral deposit in order to enhance its potential economic interest based on delimited tonnage, grade, and other characteristics. The phase is completed when a deposit has sufficient indicated mineral resources accompanied by a positive scoping study (preliminary economic assessment that justifies additional, more detailed, and costly deposit appraisal work).

² The deposit appraisal work phase is defined as the steps undertaken to bring a delimited deposit, by definition drilling, comprehensive tests, and planning, to the stage of detailed knowledge required for a complete feasibility study that will justify and support a production decision and the large investment required.

³ Expenses support work on and off mine sites; they are allocated to engineering, economics, and pre- or production feasibility studies, the environment, land access and field work. They also include associated general expenses.

¹ Other retail categories is equal to total sales minus the sum of displayed retail categories. Therefore other retail categories includes industries not listed (i.e., Motor Vehicle and Parts Dealers, Electronics and Appliance Stores, Building Material and Garden Equipment and Supplies Dealers, Clothing and Clothing Accessories Stores, Sporting Goods, Hobby, Book and Music Stores, General Merchandise Stores, and Miscellaneous Store Retailers), in addition to listed industries which have been suppressed in the relevant period (e.g. Furniture and Home Furnishings Stores in 2011).

Note: Detailed industry data is based on 2012 North American Industrial Classification System (NAICS).

Definitions:

BANKRUPTCY:

The state of a consumer or a business that has made an assignment in bankruptcy or against whom a bankruptcy order has been made.

A **consumer bankruptcy** applies to an individual with more than 50% of total liabilities related to consumer goods and services.

A **business bankruptcy** applies to any commercial entity or organization other than an individual, or an individual who has incurred 50% or more of total liabilities as a result of operating a business.

PROPOSAL:

An offer to creditors to settle debts under conditions other than the existing terms. A proposal is a formal agreement under the *Bankruptcy and Insolvency Act*.

12.2 VEHICLE REGISTRATIONS, by Type, Yukon

	Total Registrations	Vehicles Weighing Less Than 4,500 kg	Vehicles Between 4,500 and 14,999 kg	Vehicles Weighing 15,000 kg or More	Buses	Motorcycles and Mopeds	Off-road, Construction, Farm Vehicles	Trailers
	(no.)							
2015	54,632	31,960	3,127	1,656	390	1,119	1,715	14,665
2014	53,005	31,066	2,984	1,712	368	1,081	1,649	14,145
2013	52,318	30,928	2,946	1,744	392	1,060	1,589	13,659
2012	50,758	30,381	2,815	1,717	331	1,026	1,376	13,112
2011	49,170	29,552	2,628	1,627	357	991	1,253	12,762
2010	47,525	28,546	2,367	1,522	327	988	1,195	12,580
2009	45,011	27,244	2,194	1,466	341	862	1,106	11,796
2008	43,531	26,800	2,035	1,425	345	785	1,109	11,030
2007	41,324	25,815	1,795	1,382	324	718	1,129	10,160
2006	39,274	24,957	1,664	1,248	299	653	1,134	9,316

Note: Vehicles that weigh less than 4,500 kg include passenger vehicles, light trucks and SUVs; vehicles between 4,500 and 14,999 kg include larger utility vehicles, but not those typically used on a farm; vehicles over 15,000 kg include semi-trailers and cement trucks; buses include 15 or more passenger capacity; snowmachines and ATVs are included in the "off-road, construction, farm vehicles" category.
